Jackie Stanley Estate Agents are delighted to bring to the market this exciting development opportunity, situated in a sought after close, and perched above the dramatic headland, wide expanse of golden sandy beach and waterside cafes of Mawgan Porth below.

Conceived and cleverly orientated within the site to maximise the far reaching views of the sea and inland Mawgan Porth, the detailed planning permission granted is for the erection of a large detached dwelling with associated gardens and off road parking all within the attractive and private elevated plot. Naturally, the internal configuration can be adapted subject to planning/building regulation approval.

Planning permission was first granted in January 2007 and, with a confirmed material start, the permission is now in perpetuity. The current vendors have completed a full excavation of the site, so the construction of the property can begin in earnest.

The accompanying indicative plans illustrate a three storey reverse living house with off road parking, associated gardens and amenity space. The accommodation comprises two ensuite bedrooms on the first floor with the ground floor accommodation comprising of an open plan lounge, kitchen, dining and family space with centrally located inset balcony.

The lower ground floor has a spacious hallway, two further bedrooms, a family bathroom and integral garage. It is proposed that the surrounding retaining walls be faced in natural stone.

This venture is the perfect opportunity for those seeking to build their own property with wonderful views within this most sought after coastal hotspot.

The proposed new dwelling will be served by mains gas, water, electricity and drainage.
