Trebyre has been designed using the L shape nature of the original farm building and provides over 1,700 square feet of contemporarily styled and beautifully presented accommodation.

The huge specification at Trebyre includes an air source underfloor heating system, solar panel array, a slate roof, bespoke wooden double glazed stable doors and windows, engineered oak herringbone flooring, a freestanding wood burning stove with exposed stone feature wall, bespoke corded lighting, four large double bedrooms, four stylish bathrooms and utility room, high level glazed warehouse style windows between the bedrooms and their en-suites with panelling behind each bed. The 45 foot long vaulted open plan kitchen/dining/living space features a black shaker style kitchen with granite work surfaces, a range style electric cooker, integrated dishwasher, fridge/freezer and separate drinks fridge.

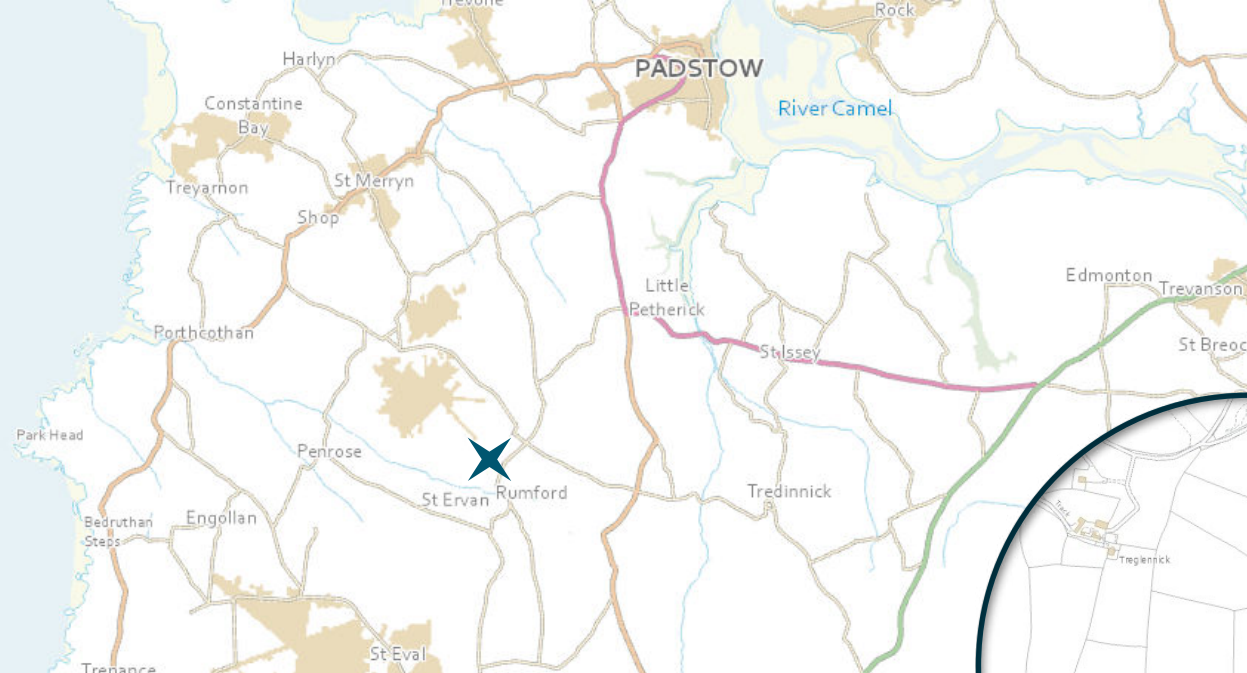

Step outside into the fully enclosed walled gardens, virtually maintenance free with the installation of an artificial lawn. This suntrap garden is extremely sociable with a outdoor kitchen complete with built in storage cupboards, fridge and Whistler BBQ. There is even a large outdoor built in fireplace with chimney flu. The gardens continue around the building where low maintenance planted beds intersperse the paved terraces. Three of the bedrooms and utility room all have access onto the rear terraces. In these different areas, **one** can sit and enjoy the tranquillity of the locale as the Cornish sun moves round the building. There is ample parking to the front of the building.
