Duck Puddle House was designed and built by our clients in the 1990's and this will be the first time the property has been on the market in all that time.

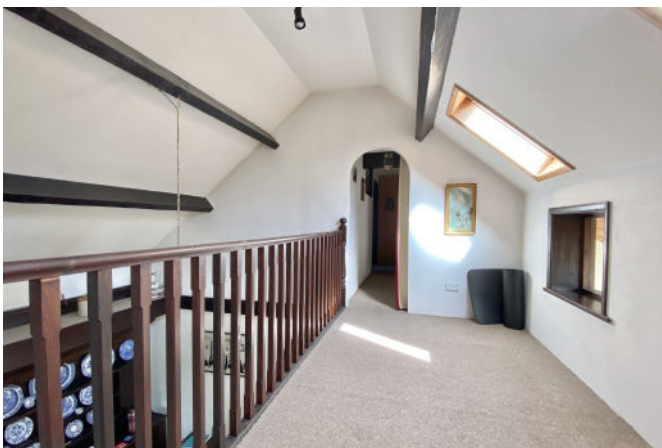

The property is individual in design and incorporates a one bedroom self contained annexe, created from the former garage.

As the accompanying floorplan illustrates, the accommodation of Duck Puddle House includes four bedrooms, three of which are doubles and two with en-suite bathrooms with a further family bathroom. Three reception rooms reside on the ground floor including a dining room, sunroom and lounge with wood burning stove. Both the entrance hallway and landing are spacious with a second mezzanine landing over the dining room. The attached annexe incorporates a living room, separate kitchen, bedroom and shower room.

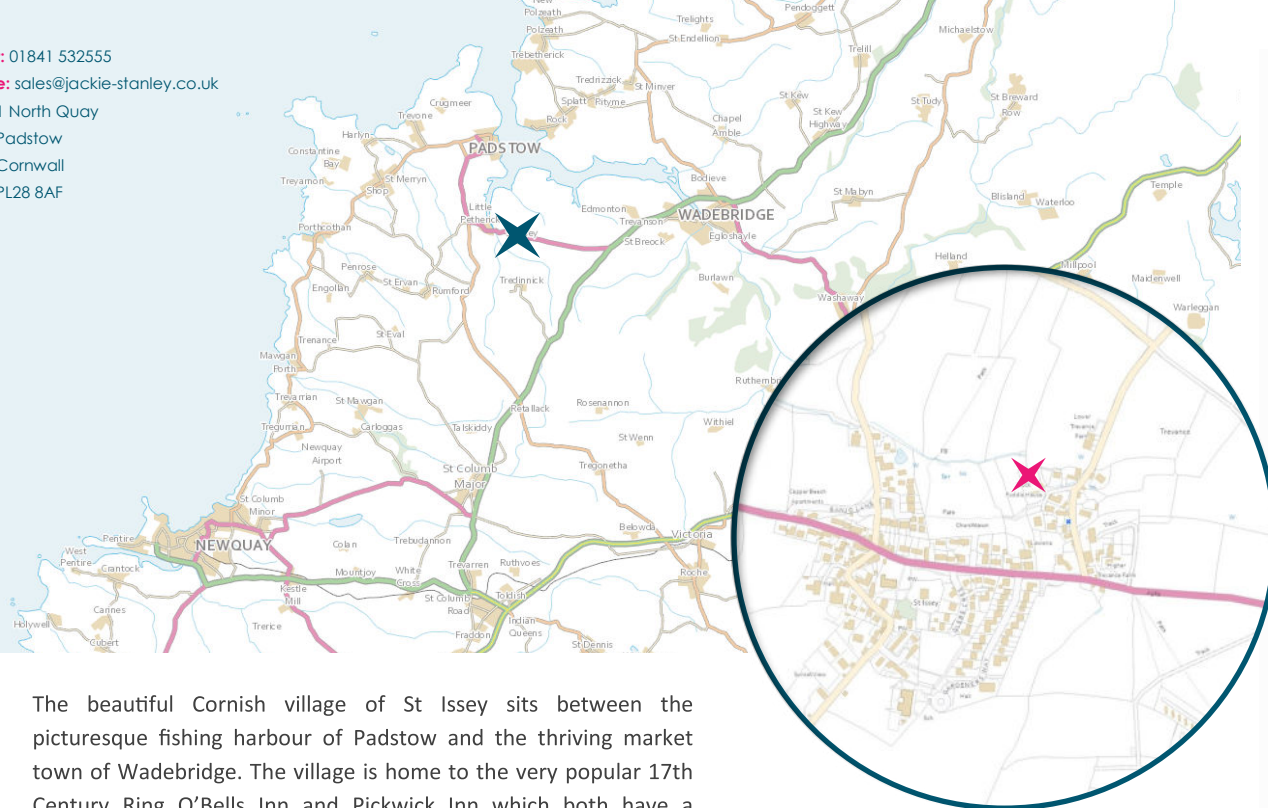

Outside, the gardens and grounds extend to approximately 0.2 acres and include an extensive area of lawn and established shrubs, hedging and trees. There is a south west facing patio and plenty of parking available on the gravelled driveway. Services to the property include mains electricity, water and drainage with an oil fired central heating system. EPC rated D and C. Council tax band F.

Duck Puddle House has plenty of scope to modernise and imprint ones own style and taste on the extensive accommodation.

The village is home to the very popular 17th Century Ring O’Bells Inn and Pickwick Inn which both have a fantastic reputation for good food and a welcoming atmosphere.
