This notable and prominent Grade II listed building is located in the desirable old town of picturesque Padstow just yards from the vibrant harbour, cafés & restaurants. The Cross House was formally a successful B & B and retains many original features including elements of historic grandeur throughout its three storeys and 3275 square feet.

The Cross House has many wonderful features including tall sash windows, wooden floors, authentic detailing and high ceilings. One of the most unique features of this historic property is the front garden, which overlooks the town, there is also the most welcome addition of two off road parking spaces.

The accommodation is substantial with two large reception rooms located on the ground floor, where natural light is a recurring theme throughout and there are beautiful views over the town and roof tops to the Camel Estuary in the distance.

On entering the front foyer, the spacious hallway immediately welcomes you into two well proportioned reception rooms, following on further to a WC and access to the beautifully light and high ceilings, staircase and further floors above. To the left off the stairs is access to the kitchen and the first of the double bedrooms, with an ensuite shower room. The property utility and boiler room is also accessible from the ground floor and an access point to the back of the property. The remaining 7 bedrooms, 6 ensuite are spread over the first and second floors.

The Cross House, pleasantly symmetrical in appearance, stands prominently on the corner of Cross Street and Church Street. The property also boasts large sections of completed renovation work.

Located in the heart of the conservation area just yards from the vibrant harbour, quaint shops, cafes and restaurants of picturesque Padstow, we at Jackie Stanley highly recommend an internal viewing to appreciate the exciting potential on offer.
