The living room in particular is a light bright room with a dual aspect and inset wood burning stove set within a granite fireplace. Following on from the entrance hallway is the family bathroom with a shower over bath and heated towel rail, second double bedroom and kitchen. The loft hatch is found in the hallway, above which is a large partially boarded attic with great potential for conversion—subject to obtaining the necessary planning permission and building control consents.

The kitchen is fitted with a range of bespoke French oak cabinets and drawers and also has space for a dishwasher, washing machine and fridge/freezer. There is also access to the garden and first driveway. There are thermostatically controlled panel heaters across the property.
